

G4202T Specification

Hardware	
System Architecture	G.hn Wave2 Twisted Pair CPE with 2 GE Ports 1 * G.hn port (RJ45 connector) 1 * POTS port (RJ45 connector) 2 * 10/100/1000BaseT RJ45 ports
Physical Dimension	103.4mm*60mm*27mm
LED	Power, RJ45 ports link/active, G.hn Link
Weight	170g
Input power & frequency	DC12V/1A power adaptor
Power consumption	<3 W
Environment Conditions	
Operating temperature	0°C~ 40°C
Storage temperature	-25°C~ 80°C
Operating humidity	5% ~ 95% non-condensing
G.hn performances & Specification	
Line Modulation	OFDM (Orthogonal Frequency Division Multiplexing)
G.hn Specification	2~200 MHz for Baseband (2~200MHz SISO, 2~100MHz MIMO) Support 2wire SISO and 4wire MIMO Power Mask Notching Dynamic PSD NDIM (Neighbor Domain Interface Mitigation) Radio Band Notching function NEXT (Near End Crosstalk) Mitigation
